1	The Fashion Department offers an excellent and complete program. On this survey there was not an option for N/A, but the question regarding equations did not apply to our content.	6/3/2015 8:28 PM
2	Learning experience was great at Canada. Studying at Canada really changed my perspective toward community colleges. One thing that I would like to see change in and it affected me academically was the counselors all being on different pages. One told me on the thing, and another one told me another thing. I ended up taking courses I did not need and it was a bit frustrating, so if we could get the counselors to be on the same page, that would really enhance all student's academic career at Canada College.	6/3/2015 10:14 AM
3	I have thoroughly enjoyed my time in the Interior Design Program. It is a fine program that I feel has prepared me well to enter a new career. The instructors are very supportive and encouraging. Elsa Torres deserves credit for her ongoing work to improve and expand this program, developing new curriculum and requirements to give us the knowledge and tools to become able and competent to enter this profession.	6/3/2015 9:36 AM
4	I learned a lot of experiences and I also learned how to achieve my goals and how to become a successful person in my daily life, and as a student from Canada College. I'm going to be a Grits because I have the power to do anything and to become anything I want in my life with the help from Canada College and former students, new students, co-workers, supervisor. I'm going to Canada College because I have better my life, my goals, and my education for my precious daughter Maliyah who I love dearly. Best Regards! Canada College I will see you in the Fall Thank You! See you in the Fall of 2015	6/3/2015 9:08 AM
5	I wish I can finish my upper division here and earn my bachelor's degree. I will be sad to transfer. This school has been very supportive and caring. And best of all, it has given me hope that I can earn a college degree and for that I thank Cañada for that.	6/2/2015 10:17 PM
6	It would be helpful to have a Math text book, along with Math instruction and Computer Lab. Also, need more one-on-one Math tutors.	6/2/2015 9:41 PM
7	This is a wonderful school and I will definitely miss all the countless opportunities and resources this school have offered!	6/2/2015 8:57 PM
8	The experience was great, with the likes of Professor Ciambrone, who brings so much passion and simplicity to his course. The evening classes should be a lot more accommodating to working adults, some Professor were simply out of touch. CWA is a great program, thank you to Jeri and co for been such an inspiring group!	6/2/2015 3:35 PM
9	If I had to do it all over again I would in a heartbeat. I have learned so much while being at Canada and I am sad to be leaving.	6/2/2015 11:32 AM
10	Best school ever!!!	6/2/2015 10:03 AM
11	Study at Canada college is fantastic. I learn a lot not only in my major if not in other thinks.	6/1/2015 7:11 PM
12	I will suggest if the academic board will check the package of every professors syllables to know what it's includes. Especially a professor stating in his syllables that door will be closed when student don't gets to the exam room on time and perhaps the student will not be allowed to take the exam. I think this is cruel to the student because a professor can only know or grade a student if the student write an exam. And I think it's the right and privilege for every student to take his or her exams throughout the semester.	6/1/2015 4:58 PM
13	A quiet place to learn is hard to find on campus including the library. People talk there even in the study rooms they can be heard from outside of them. I needed a quiet undistracted environment to concentrate. Sometimes I had to go off campus to study then come back onto campus. It is quite a disruption and made studying harder. For future students please provide a quiet option for study where it is conducive for learning.	6/1/2015 4:53 PM
14	I love my experience at Canada College and no matter where I go I will always refer back to Canada College and encourage anyone who wants to attend to Canada, One of the most important thing was not only the academic experience but also the atmosphere is welcoming and friendly as all the time. I feel attached to Canada all these years of studying.	6/1/2015 3:31 PM
15	My learning experience at Canada College has had its ups and downs. I left Menlo-Atherton High School at the end of sophomore year and joined the Middle College Program. It was a very difficult transition for me because I really did not know what workload I was about to face. I also didn't keep in mind that I'd have to make friends. Having graduated, all the hard work, stress, and anxiety was completely worth it. I was able to graduate with two degrees and one certificate. Student Services I think is the best part of this community college. There is just so much that there is no way one can fail because all the help you need is available to you!	6/1/2015 3:26 PM
16	It was amazing but I think that the resources available for students should better advertise by targetting the people they have originally taught about.	6/1/2015 1:24 PM
17	Professor Monarres is an excellent math teacher, Professor Kaven and Professor Hamilton were my favorites :)	6/1/2015 1:09 PM
18	Amazing !!!!!!!!	6/1/2015 12:57 PM
19	Cañada has paved the way to my educational goals. I have met great students and professors which I've learned lots from. Because of Cañada I can take the next step into my education. I'm extremely grateful for faculty members that have made my experience memorable. I would like to express my sincere gratitude to all of you. Cañada College will forever be my home school. I love you guys! Go Colts!	6/1/2015 12:55 PM
20	N/A	6/1/2015 12:49 PM
21	The STEM center and learning center was a great support the entire 2 years at Cañada. Cathy Lipe helped me find my internship, Frank Austin's statistic workshops took my C grade to an A, Julie Wilson's is brilliant at editing English papers and the whole staff is welcoming and helpful!	6/1/2015 11:31 AM
22	Best choice I could have made.	6/1/2015 11:19 AM

23	My paralegal studies instructors have all been absolutely outstanding, but unfortunately the instructors in more general disciplines have often been less so, sometimes showing an appalling lack of critical and rigorous thinking. Thankfully, two instructors have been absolutely stellar - political science instructor Kristen Parks and our well-known and much admired prof. Roscelli, who is truly brilliant.	5/29/2015 5:45 AM
24	There have been a few professors here who have really restored my faith in teachers. Professor Roscelli and Cabrera are genuinely two of the best teachers I have ever had. They made class enjoyable and interesting, and therefore did very well in both of their classes. The only negative I thing would have to say about Cañada is the counseling system, or lack there of. Every time I made an appointment with a counselor it seemed as though they were in a rush to get me out of their office, and I received so much conflicting information from different counselors. Also when I had some questions, more than once a counselor responded with "well...I think you can do this..." Or "I'm sure it will be fine" Their job is to help us students navigate our college experience and the counselors at Cañada were extremely unhelpful. The only counselor who actually took the time to go over all of my classes with me and listened to everything I had to say was Ms Olesen. She was great, and has been the only person I have found here who can actually provide me with reliable information.	5/26/2015 9:06 PM
25	This was a great experience to introduce myself to college. I had not ever attended college with a goal of getting a certificate. The PCN program worked for me as I had the support of the same group of peers for 2 semesters. I look forward to continuing in the fall.	5/26/2015 5:43 PM
26	I loved meeting different people and learning from others' experiences!	5/26/2015 5:27 PM
27	More evening classes will be helpful for working adults. The CWA program is a plus!	5/26/2015 6:57 AM
28	I learned so much at cañada it was a great experience	5/24/2015 10:57 AM
29	Very humble college , I always feel welcome and relaxed. And the professors really take the art of teaching personally making them very effective educators .	5/23/2015 12:05 AM
30	It was an awesome experience throughout my years at Canada college. The teachers were excellent with the resources needed to help student learn effectively. student worked together to complement and help others to succeed.	5/21/2015 10:45 PM
31	I am very satisfy with the teachers, the curriculum and the college. The campus is beautiful and I got encouragement and support from the teachers.	5/21/2015 4:19 PM
32	It 's been such a grueling and rewarding journey with a great amount of challenges. Maintaining a perfect 4.0 was the highest accomplishment in my time at Canada College. Such a great atmosphere enriched with incredible knowledge and resources. The students and faculty are extremely helpful in every way see fit. One of the best and honorable experience in my educational journey.	5/21/2015 1:53 PM
33	I believe, in every school, there are good and bad teachers. It would be to Canada's advantage to carefully screen teachers, especially in the Math Department. My last class was Statistics and it was a horrible learning experience for each and every person in my class. The instructor was all over the place with her teaching method.	5/21/2015 9:51 AM
34	Your tenured teachers are absolutely horrible. They were my worst experience here; lack of enthusiasm, ill prepared and unable or unwilling to answer questions	5/21/2015 9:06 AM
35	While at Canada, I pursued a degree in Fashion. I did not take my general Ed classes here so I feel a lot of these questions did not apply to me, such as the SLO #5, quantum reasoning. I feel like I have left unhelpful data in this survey as I had to choose "disagree" for each of these items. If you could change your form to reflect this option for other students, that would be helpful. Also, a lot of focus is put on STEM and there are several other worthy and good programs at Canada. I would like to see those receive more support from the top administrators.	5/21/2015 7:13 AM
36	I love Canada College, and overall I have had a wonderful experience here filled with tremendous educational growth. First off, the campus is beautiful. The student center, library services, counseling center, easy registration process (webSMART), online class assistance (webACCESS), job/intern/networking opportunities-all benefited me and assisted in my experience at Canada. The majority of the staff are extremely helpful and want to see the students succeed, which is important. It saddens me, however, to say that I do not recommend Professor Muwafaqu Al-Asad who teaches the Medical Administrative Assistant Program classes. He lacks organization and answers no questions. Students go to him for help and he does not give it. His lectures are confusing leaving you with more questions than you had when you entered the classroom. He often gives the students incorrect information as well. He also shows favoritism to the good students (I am one of them), and deliberately sets out to trick you on tests with questions that literally make no sense. I question his grading system, because I was given a better grade for work that was the same as another student. His teaching style is unethical and borders on discrimination when dealing with students who need more help than others. I have never been so disappointed with a teacher here at Canada College.	5/21/2015 7:08 AM
37	Such an awesome campus and teachers!	5/21/2015 7:03 AM
38	It has been fantastic! I learned so much more than I expected!	5/20/2015 7:57 PM
39	Canada has really being the stepping stone of my intellectual career. It has been the main door through which my goals are closer and faceable. Now matter how you start, if you work hard and dedicate yourself you will grow into what you want to be. Canada College has been, is and will always be my home.	5/20/2015 7:54 PM
40	I am so happy because I attend to one of the best colleges thank you for all support.	5/20/2015 6:10 PM
41	Thank you so much Canada College. For everything.	5/20/2015 5:18 PM
42	There seems to be a communication gap between the CWA staff and the bookstore staff regarding purchasing graduation sashes. I applaud CWA program director for their selection of teachers.	5/20/2015 5:07 PM
43	Thank you to all the wonderful faculty and staff that truly care about the success of the students.	5/20/2015 4:45 PM
44	I'm very happy to say I finally did it!	5/20/2015 4:38 PM
45	I love my fashion classes at Canada. I really enjoy coming to school and learning However, I have not enjoyed the experience of applying for a degree. I wanted to get an AA and not a certificate but the college has deemed my BA experience lacking by 5 classes. Five classes is an extraordinary amount of time, energy and money for a working mother of a young child. They were not classes I've planned for an am disappointed that I'm being pushed to do more to achieve the goal for an AA degree.	5/20/2015 4:12 PM
46	It's a great school	5/20/2015 3:27 PM

47	The political science courses that I took really took my critical thought to a whole new level. Especially Bridgette McGuiness' Political Philosophy course. I sometime wish that this course were taught in high school. The lectures in my history courses were amazing and made me want to go into the field itself. Overall, the lectures in the in-person classes in a lot of my courses were great and I learned a lot. The online classes I took also made learning fun, as a lot of the work had to be done on my part. The most important thing that about my experience here at Canada College, is the lesson on ethics that I receive from Professor Cabrera's course in Financial Accounting. I immediately began applying it to my life. It also brought me to stop and think when others above me direct or instruct me to do something that I know myself is unethical. The education here at Canada has done ALOT for me and my life. I have built character here at this institution, adopted great values that I want to instill in my daughter, and have come to appreciate a lot of the things in the world around me. Thank you to all the professors, EOPS staff member, Financial Aid staff, tutors, and librarians here at Canada who value the true outcome of a students learning, and success. Also, thank you to the students who were involved in the student life and activities for helping the staff create a great environment and help ing student make connections and network. From Canada College, you truly can go anywhere, because Canada College cares.	5/20/2015 3:18 PM
48	Very thankful for all what I got from Canada	5/20/2015 3:12 PM
49	Not at all. Thank you	5/20/2015 2:59 PM
50	It was a great experience and I came to learn a lot about other ethnicity. All my classes were like a small community of people and we were able to ask questions and share experiences which I would not have experienced otherwise.	5/20/2015 2:51 PM
51	All my professors were so helpful and supportive to my studying, whenever I encountered any problem, they were always willingly to render their helping hands. My worse experience when I was taking class in "beginning word processing" with Carolyn Jung.	5/20/2015 2:12 PM
52	Thank you !	5/20/2015 1:42 PM
53	I feel very excited and satisfy with the help YOU gave me in this school. I can say without fear that I am one of the first to graduate in my family and that makes me thank God first, and then the whole group of people that make this school. Thanks for being there when needed!	5/20/2015 1:35 PM
54	As a hard of hearing student, the recordings for stem speakers was tough to hear.	5/20/2015 1:33 PM
55	I do not like the teacher that had been used to replace the original teacher this semester. He is rude, avoids questions, and very confusing.	5/20/2015 1:32 PM
56	Had a great experience. More helpful than csm and skyline put together.	5/20/2015 1:32 PM
57	it is amazing	5/20/2015 1:25 PM
58	It was a great journey!	5/20/2015 1:11 PM
59	Would like there to be more announcements of opportunities for internships, and programs/services available at Canada College. The Stem Center has done a better job this semester only, Spring 2015 with giving announcements about internship and jobs opportunities which I appreciate. It used to be on a one student basis. I wish there was more of this outreach available. Since it is such a small campus, to send out more frequent e-mails about opportunities.	5/20/2015 1:07 PM
60	Great Faculty always answer my questions. I've learned that it takes couple counselors to find the right one to help you through your college career. And Cañada College is where I found mine. Overall great campus and I have learned a lot.	5/19/2015 10:37 AM
61	I am very grateful to all of my professors. They were so helpful and kind, always willing to lend a hand and go the extra mile to help their students. Also, Phi Theta Kappa is amazing. It helped to connect me to the campus and by being an active member I also learned a wide variety of skills that have led to self-improvement.	5/18/2015 8:25 PM
62	It was wonderful and I am sad to be leaving.	5/18/2015 10:15 AM
63	The learning experience was amazing. I was so lucky to have such an amazing professors, wonderful staff personnel, beautiful institution and amazing environment. Thank you so much to everyone !!!	5/17/2015 9:23 PM
64	I wish there was easier accessibility for on campus and/or affordable childcare.	5/17/2015 2:00 PM
65	The best 3 years of my life. I learned so much that I can apply to my daily life and I've met so many people that did and will continue to have a profound impact on my life.	5/16/2015 8:20 PM
66	None. Well just thanks everyone who support me with my goal at Canada College.	5/16/2015 1:47 PM
67	I believe that I am well prepared as I transfer to a four year university to complete my BS degree in engineering because of the excellent instruction that I received from many of my professors at Canada	5/16/2015 1:08 PM
68	Most of my classes were good, some were great, others were inadequate. The great classes (Public Speaking, Stats, Oceanography) integrated several learning methods and incorporated the use of the technology available. The good classes were informational, the professors were knowledgeable but the use of technology was lacking (History, Political Science). The inadequate class (Human Services) the professor was, for lack of better terms, lazy and I am very disappointed because in both classes that I took with her, she just had us read the textbook, answer questions in the back of the book and send us on our way. There was no challenging our thoughts. I got no more out of the classroom experience than I did out of reading the textbook on my own. Discussions were hurried and lacking quality. This is a shame because she is the primary professor for most of the Human Services courses and if people earning a certificate in Human Services are being sent out into the workforce helping needy populations armed with very little knowledge. It was purely a means to get everybody an A in the courses and that is a disgrace to the education system.	5/16/2015 12:52 PM
69	I believe that Cañada College has great resources for students who need help on homework. However it would be better if there was a philosophy tutor for those who need help on the subject.	5/16/2015 10:30 AM
70	One of the best learning experiences i have ever had. Beautiful campus, amazing faculty and stuff, and highly motivated students.	5/16/2015 9:40 AM
71	Cañada needs to get more teachers for the computer science program	5/16/2015 12:20 AM
72	Thank you for providing me with the opportunity to achieve my dreams.	5/15/2015 10:55 PM
73	N/A	5/15/2015 9:23 PM

74	I loved Canada College! The professional teachers and staff are excellent resources for major/career development. The positive impact attendance has had on my life is an enormous 180 degree turnaround from the way things were before and it's always exciting to consider the enormous number of possibilities for future education and employment that await. I would recommend attending courses here to anyone looking to improve the quality of their own life with academics. Thank you!	5/15/2015 9:07 PM
75	My experience at Cañada College allowed me to branch out and study a wide variety of different subjects that encompassed far more than my major required. It also allowed me to connect to great instructors whose support not only allowed me to succeed, but also inspired me to continue my education and ultimately pursue a career in teaching.	5/15/2015 8:36 PM
76	I had a few professors that were excellent; Kaven and Monarres stood out the most :)	5/15/2015 7:53 PM
77	All teachers were very approachable. Summer classes felt like cheating for getting the same number of credits for 1/3 or less of the work. I wish I had been advised to take CBOT classes early on, because the skills are useful in just about every class. I could have been spared a large amount of swearing at the computer.	5/15/2015 7:45 PM
78	I plan on continuing my education	5/15/2015 7:27 PM
79	Completing 2 more A.A.'s Spring of 2016, and A.A.T. Spring of 2017	5/15/2015 6:46 PM
80	I am a CWA student. I earned a degree in Arts & Humanities as well. Office certificate	5/15/2015 6:22 PM
81	Good price, good value! I may be interested in attending after receiving my Bachelors!	5/15/2015 6:04 PM
82	I've learned so much from being here at Canada! The staff is very helpful and they always went out of their way in order to answer my questions and assist with whatever I needed.	5/15/2015 5:40 PM
83	Cañada College I can truly say is a great experience for me. The campus feels like a close knit community where everyone interacts. Such a welcoming environment and beautiful campus. I will truly miss it and being around some of the amazing staff and students everyday. I will always be a Cañada College Colt, Cañada helped me grow so much and mature as an individual. I will always love Cañada College!	5/15/2015 5:25 PM
84	I love the close-knit community. I also attribute much of my academic success to my participation in on-campus organizations.	5/15/2015 5:15 PM
85	No comment.	5/15/2015 4:52 PM
86	It's got nice views and it's pretty everywhere	5/15/2015 4:28 PM
87	Canada college is great I'm so happy that I furthered my education here.	5/15/2015 4:17 PM
